

THE BEST-RUN E-BUSINESSES ARE RUN BY SAP AND (INSERT YOUR NAME HERE.)

As the world's leading supplier of e-business solutions, SAP has been changing the way businesses run for years. And we aren't planning on stopping anytime soon. We're looking to give the brightest minds in the industry the

opportunities, freedom, and stimulation that they thought they could only find in a start-up, along with the benefits of years of experience. Type in www.sap.com to learn more about working with us.

SAP DB DEVELOPMENT SUPPORT

You will analyze complex problems in internal and customer systems, acting as an interface between system developers and customers. You will work out solutions to ensure smooth running of systems.

Call Jörg Hoffmeister if you have any questions:
+49 03 03 90 99 0, joerg.hoffmeister@sap.com. Apply now!
SAP AG, Reference Number: 7136, Alt-Moabit 96, 10559 Berlin.

SAP DB KERNEL DEVELOPMENT

You will work in a team developing core components of SAP DB/LiveCache and operating system and network interfaces using the latest programming tools (C++, Java, Sniff). This involves collaboration with leading hardware and software manufacturers.

Call Jürgen Primsch if you have any questions:
+49 03 03 90 99 0, juergen.primsch@sap.com. Apply now!
SAP AG, Reference Number: 7136, Alt-Moabit 96, 10559 Berlin.

SAP DB TOOL DEVELOPMENT

You will work in a team developing software tools for embedding SAP DB/liveCache and ensuring optimal integration. You will be integrating SAP DB/LiveCache in new and existing SAP solutions and be involved in quality control and roll-out of your projects.

Call Martin Härtig if you have any questions:
+49 06 22 77 41 79 6 martin.haertig@sap.com. Apply now!
SAP AG, Reference Number: 7136, Alt-Moabit 96, 10559 Berlin.
